THE BIG PICTURE

- Continued upgrades to US 31 Corridor
- Hamilton County Establishing Water & Wastewater Utilities along the corridor.
- City of Westfield has received a request to annex the SE corner of our Township
- Sheridan/Adams Township is now the destination for growth and development.

Land Use Planning & Zoning Jurisdictions

- Town Zone = current incorporated portion of the town [outlined in yellow]

TOWN ANNEXING WITHIN PROXIMITY OF CITY. IC 36-4-3-9

- Towns are prohibited from annexing within the area that is one mile from the corporate boundary of a second or third-class city.
- Territory that is within three miles from the corporate boundary of a second or third-class city is also limited from town annexation.
- A town may only annex within this zone if the annexation by the town is not more than one mile outside of the boundary of the town.

A SIMPLE QUESTION

Are we ok with the City of Westfield annexing
Adams Township {our community}?

IF THE ANSWER IS YES,

Then we must ask ourselves:

- What are the effects of such an action?
- Where will it stop?
- What are the opportunity costs that will forever impact our community?
- Will development be “diverted” to our community instead of the newly annexed Westfield (Adams Township)?
- Control of Planning and Zoning?
- And many other questions.

IF THE ANSWER IS YES,

- What are the effects of such an action?
 - Reduction in Assessed Value relative to Fire Protection = Associated Tax Revenue will go to the City of Westfield.
- What are the opportunity costs that will forever impact our community?
 - Excluded from the Economic Growth & Development that most assuredly will occur along/within the US 31 Corridor.
 - It likely forever limits the ability of the Sheridan community to grow economically in a manner we could otherwise.
 - With fewer tools at our disposal, competitiveness could be further increased in an already competitive marketplace.

IF THE ANSWER IS YES,

- If Westfield marches north, Sheridan will no longer likely have extra-territorial jurisdiction regarding planning/zoning. Westfield would control zoning in Adams Township and could do whatever it wants with land-use standards (as long as it matches their comp plan).
- In other words, Westfield could decide it has enough housing already within its current boundary and shift most of its housing demand into Adams Township, creating undue pressure on our School Corporation. Or they could direct most commercial/industrial into our township, thus creating an industrialized climate.
- They will receive future tax revenue.
- The opportunity to control these decisions will be lost if we allow it.
- Let's pause and consider: if Westfield's annexation activities begin, where will they stop? This is a question that demands our attention and action.
 - As we sit here today, we do not know.
- Simply stated: We'll be looking in from outside.

A SIMPLE QUESTION

Are we ok with the City of Westfield annexing

IF THE
ANSWER IS
NO,

Then we must ask ourselves:

What tools are available and
what steps can we take in
order to prevent another
community from encroaching
into our community?

INDIANA STATUTE
OUTLINES TYPES AND
PROCESSES OF
REORGANIZATION.

Various types of reorganizations
authorized in Indiana Code 36-
1.5-4

Specifically, Indiana Code 36-1.5-
4-1 (a)(7)

Indiana Code 36-1.5-4-3

THE PROCESS IS A
PARTNERSHIP
BETWEEN THE
TOWNSHIP AND THE
TOWN

Legislative Process

1. Adopt mirror resolutions to commence the process of information gathering
2. Communities prepare a “comprehensive plan of reorganization” (“Plan”) for the reorganization to occur. This Plan will govern the actions, duties, and powers of the newly formed Town of Sheridan that are not specified by law. *{This could be the focus of a joint committee}*

The Plan is a “clean page” allowing significant latitude when creating the reorganized governmental unit.

Example: Employment positions, roles, responsibilities, number of legislative seats, legislative districts, service levels, etc...

FISCAL IMPACT ANALYSIS

- Part of the Plan includes a Fiscal Impact Analysis
 - An objective data analysis with recommendations of the financial resources that will be required in order to provide necessary services?
- This will tell us tax rates, cost of services: police, roads/streets, parks, township assistance and other governmental services.
- Until this analysis is conducted everything is anecdotal and uninformed speculation.

INDIANA STATUTE OUTLINES TYPES AND PROCESSES OF REORGANIZATION

Legislative Process

- Once the Plan is complete, both units must post a copy of the Plan on their website not more than thirty (30) days after receiving it.
- The fiscal impact analysis must also be submitted to DLGF₁ for review (at least three (3) months before the election in which the public question will be on the ballot.)
 - *DLGF's incurred expenses must be paid by communities*
- In conjunction, both units shall, in the year before the reorganization is set to occur, adopt tax levies, tax rates, and a budget for the reorganized Town of Sheridan and establish the election districts.
 - Done either through the adoption of substantially identical resolutions or, if authorized in the Plan, through a joint board.
- After DLGF approves the fiscal plan, each community must create a resolution and hold two (2) separate meetings and one (1) public hearing.
 - *The board can approve resolutions at the public hearing or a meeting following the public hearing.*

{1, Department of Local Government Finance}

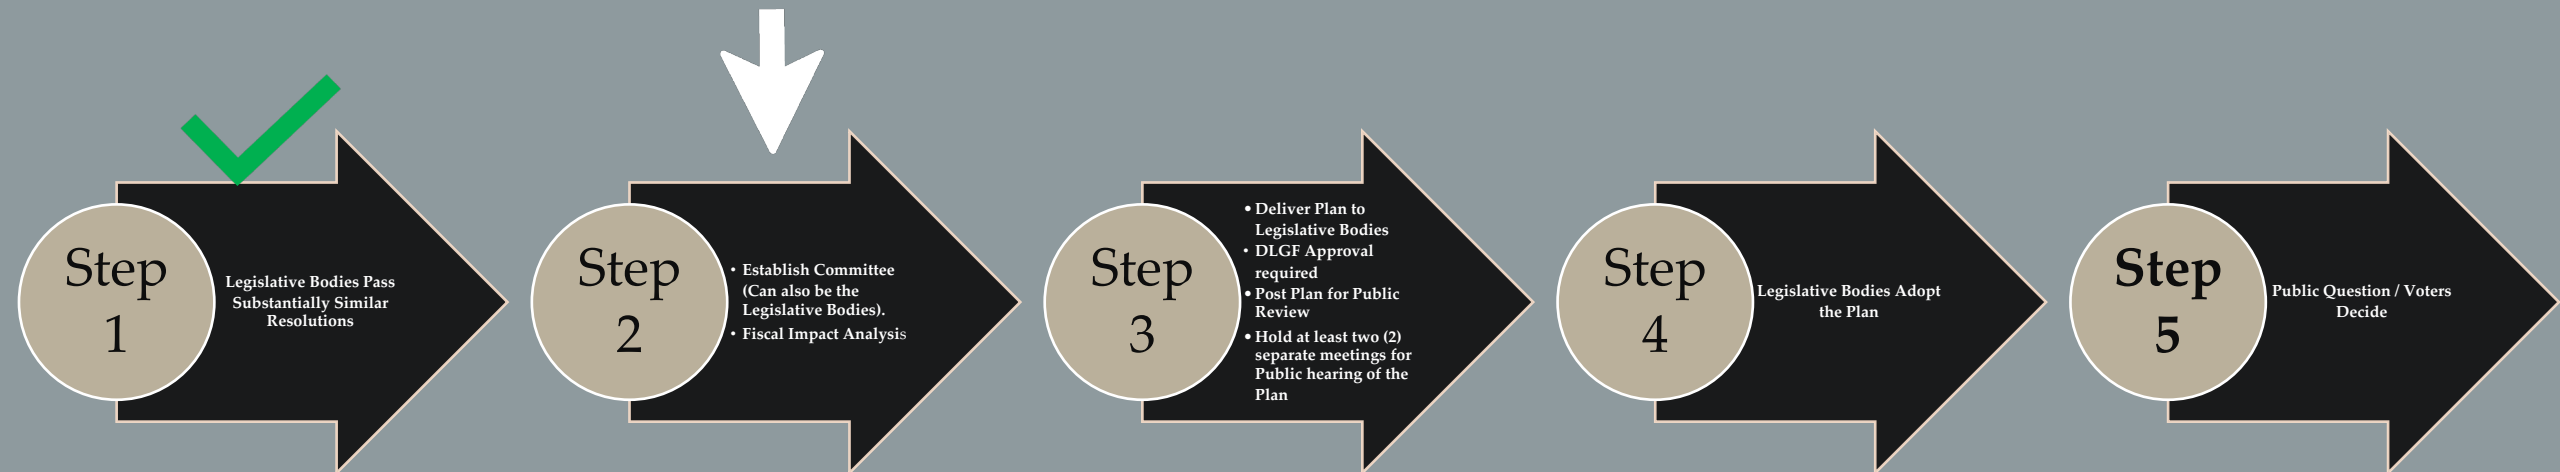

Indiana statute outlines types and processes of reorganization

Election Process – the citizens have the power to choose.

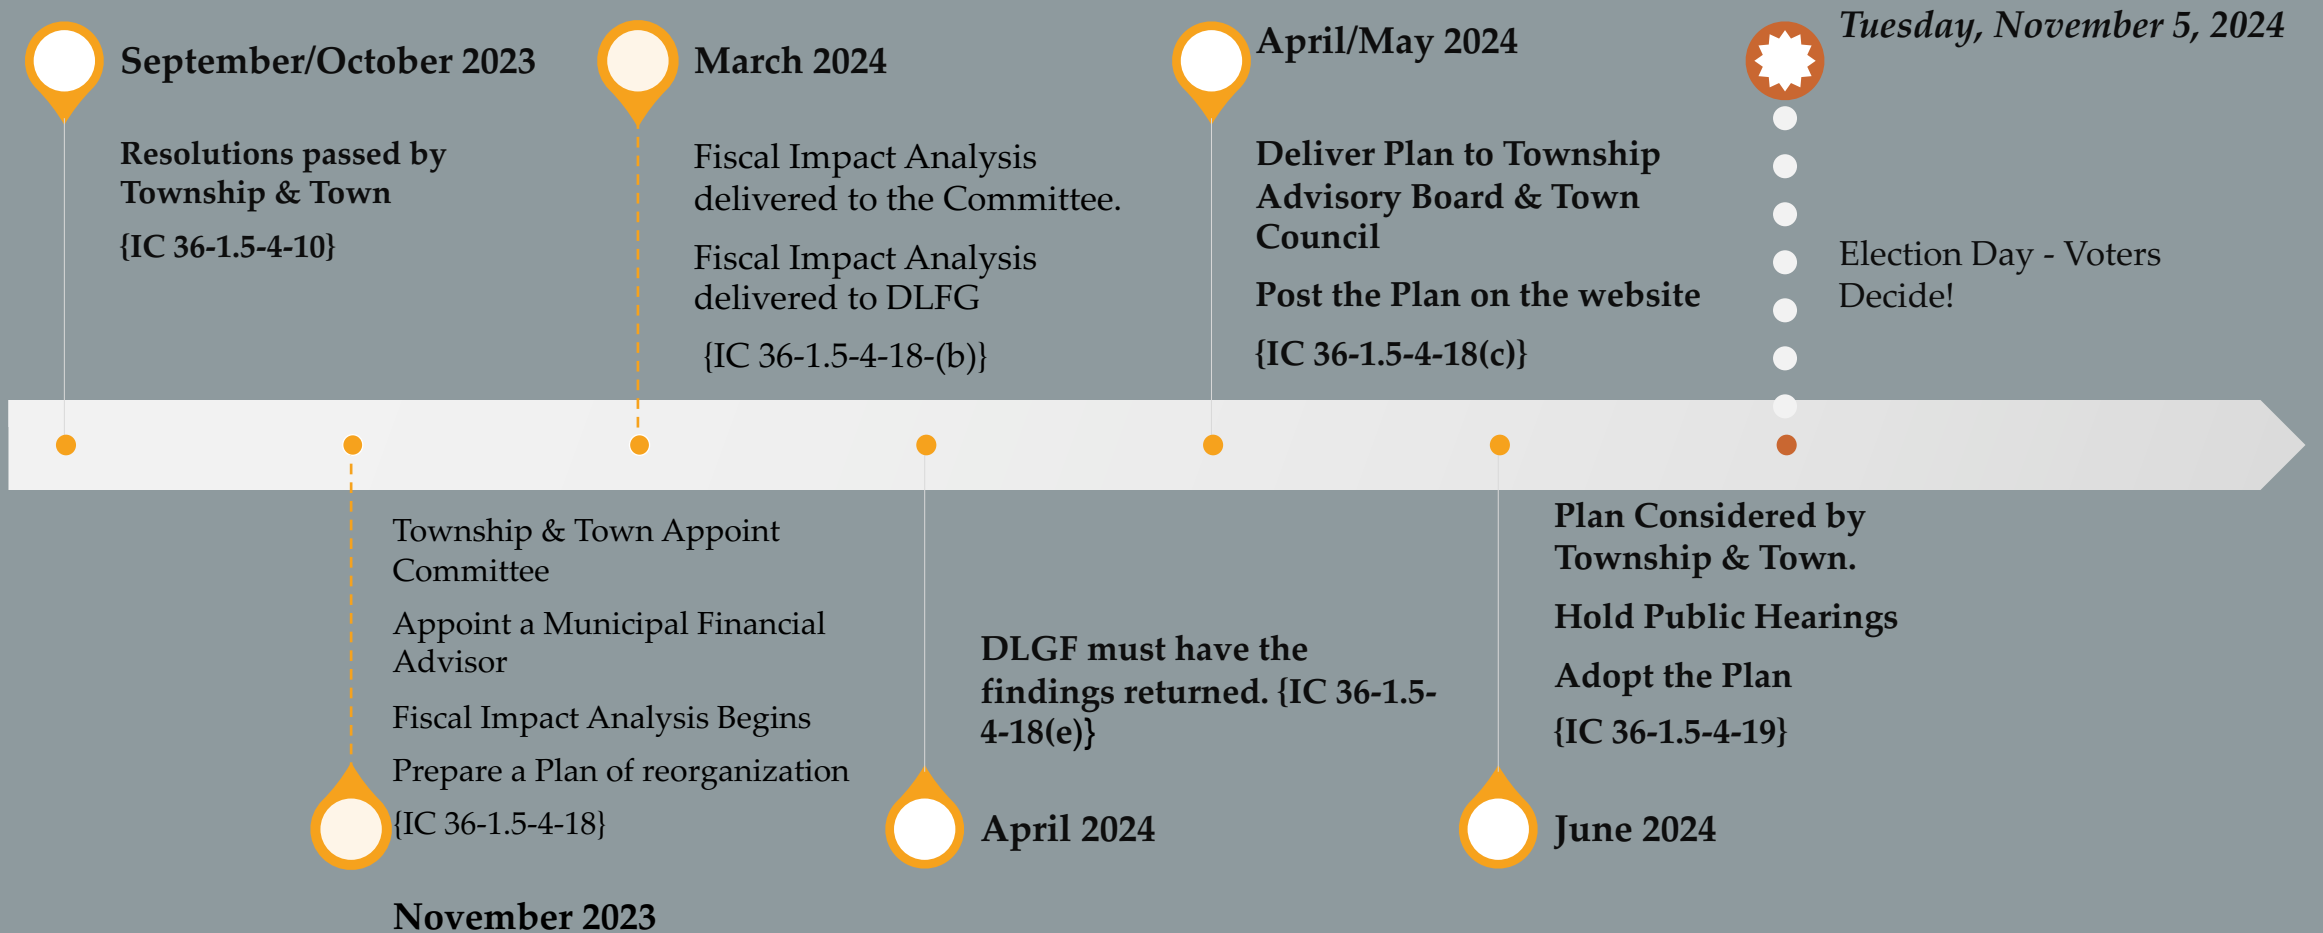

- After certification of the Plan, the recorder shall notify the Hamilton County Election Board, which shall prepare and submit ballot language to DLGF for approval.
- Once approved, the recorder shall certify the public question to the county election board and file a notice of the certification with the county auditor. The county election board shall place the public question on the ballot at the next regularly scheduled general or municipal election that will occur in all precincts of the reorganizing political subdivisions.
- Must receive at least 50% of the votes in each community in order to pass.

WHERE WE ARE NOW IN THE PROCESS?
